LTI0670	650	45	IP65	60°
LTI0687	650	45	IP65	120°

## 3. Installation

### Attachment of the luminaire:

1. Place the brackets to the rail and adjust desired destination from each other.

2. Place the luminaire on the surface where it will be attached and mark the attachment spots with a pencil.

3. Attach the luminaire and adjust the brackets to desired angle.

4. Tighten the hinges of the tiltable brackets.

### Electrical connections:

**NOTE!** The luminaire may only be connected by an authorized electrician. Before starting the connection, make sure that the wires are free of voltage.

**NOTE!** Never short-circuit the DALI-conductors. Make sure the DALI-conductors are isolated from each other when DALI is not used.
